Your First 90 Days

Choose only a few priorities, assign owners, and produce visible results

DO LESS - FINISH MORE: Pick 2 or 3 priorities that matter most. Do not create a long wish list with no owners or deadlines.

30 Days - Organize & Learn

- ☐ Confirm Task Force members and roles
- ☐ Complete County Broadband Baseline
- ☐ Identify immediate resident questions / problems
- ☐ Set monthly meeting dates
- ☐ Review the current BEAD map
- ☐ Choose 2-3 priorities

60 Days - Take Action

- ☐ Meet with provider / local officials as needed
- ☐ Launch a digital skills / telehealth help activity
- ☐ Track unresolved locations / service problems
- ☐ Hold a resident sign-up or information event
- ☐ Begin education / workforce partnership work
- ☐ Report early progress publicly

90 Days - Measure & Reset

- ☐ Count what was completed
- ☐ Escalate unresolved issues
- ☐ Update priorities for next 90 days
- ☐ List what is still blocked
- ☐ Share results with county leaders / residents
- ☐ Schedule next progress review

Our 3 Priorities

#	WHAT WE WILL DO	OWNER	RESULT / DEADLINE
1			
2			
3			

SUCCESS LOOKS LIKE: A resident helped, a problem resolved, a class held, a provider answer obtained, a permit moved, a location clarified, or a partnership started - not simply another meeting.
