County Broadband Baseline

Know where your county stands before deciding what to fix first

START WITH FACTS + LOCAL KNOWLEDGE: Maps and statistics show part of the picture. Residents, schools, libraries, clinics and local officials know where the problems actually occur.

Broadband Snapshot

Confirmed BEAD locations	
Pending / unconfirmed locations	
Fiber-assigned locations / share	
Fixed Wireless-assigned locations / share	
Satellite-assigned locations / share	
Primary BEAD provider(s)	
County broadband adoption rate	
Known areas with unreliable / unaffordable service	

Use the current SCABCD/TUCE BEAD map and county/provider information. Do not assume a planned BEAD assignment means service is available today.

Community Assets Identified

- ☐ Public library
- ☐ Schools
- ☐ County / municipal offices
- ☐ Extension office
- ☐ Health department / clinics
- ☐ Hospitals / pharmacies
- ☐ Churches / faith organizations
- ☐ Senior centers
- ☐ Career / workforce centers
- ☐ Community colleges / universities
- ☐ Civic groups
- ☐ Local businesses / chamber
- ☐ SCABCD
- ☐ TUCE
